

PLEASE READ

VERY IMPORTANT INFORMATION

Please make sure that you have a licensed electrician do the wiring of the pool. Once that is completed, please call the Wiring Inspector, Gene Barrett, for an inspection.

After the Wiring Inspector has completed his inspection, please call the Building Department for a final inspection to be done by the Building Commissioner, Mike Gallant. Happy swimming!

SWIMMING POOL INFO

In-Ground\$100.00

Above-Ground.....\$50.00

Pools need a Building Permit and a Wiring Permit. (The Wiring Permit is so that the pool will be wired to a ground-fault outlet.)

The permit must be filled out with the Owners information as well as the Builder, builders address, phone construction supervisor's license number, H.I.C. license number, purpose (above-ground pool or in-ground pool), dimensions of the pool (NOT square footage), estimate of value, and signatures of both owner and builder.

Information required with the application is as follows:

1. Manufacture's specifications on the pool construction and filter information.
2. Specifications or plans for fence or enclosure required by Mass. State Building Code, Section 120.M.
3. Plot plan indicating the location of the pool, showing the distances from the lot line. (15' side setback, 20' rear setback, & depending on the zone it's located in either 25' or 30' from the front lot line.)
4. The application must be approved by:
 - a. Board of Health~they will require information on the distant from the pool to the septic system.
 - b. Conservation Commission~ if the pool will be located within 100' from ANY wetland (this includes lakes, ponds, rivers, streams, seasonal wet areas, etc.) If there is any doubt, the owner should give the name of the ConComm representative in that area to assure compliance.
 - c. Zoning & Building~approval of plans and plot plan

Please call the Building Department for the following inspections:

1. Once the pool walls are erected.
2. When the water is in the pool **and** the filter and pump are working **and** the fence is installed. ***A temporary fence is required until there is water in the pool. Occupancy or use of the pool is not allowed until the permanent fence is erected.***

In addition, your electrician must apply for an electrical permit (you can now obtain one on-line) prior to doing the wiring. The fee for the wiring permit is \$25.00 for an above-ground pool and \$50.00 for an in-ground pool. The wiring inspector, Gene Barrett (978-230-1083) must be called to inspect the wiring. He will sign his approval on your building permit card.
